INDEX

TO

BRAIN:

A JOURNAL OF NEUROLOGY,

FOR

VOL. XXXVIII, 1915.

INDEX OF AUTHORS.

PAGE

Bolton, J. S., and Bramwell, Byrom, and Robinson, William.

Bilateral lesion of the occipital lobes with retention of macular as distinct from panoramic vision 117

Bramwell, Byrom, and Bolton, J. S., and Robinson, William.

Bilateral lesion of the occipital lobes with retention of macular as distinct from panoramic vision 117

Head, Henry.

Hughlings Jackson on aphasia and kindred affections of speech 1

Hunt, J. Ramsay.

The sensory field of the facial nerve 418

Jackson, J. Hughlings.

Abstract of the Goulstonian Lectures on certain points in the study and classification of diseases of the nervous system [Lecture II, reprinted from the *Lancet*, March 6, 1869] 72

Clinical remarks on emotional and intellectual language in some cases of disease of the nervous system [Reprinted from the *Lancet*, February 17, 1866] 43

Loss of speech: its association with valvular disease of the heart and with hemiplegia [Reprinted from the London Hospital Reports, 1864] 28

Notes on the physiology and pathology of language [Reprinted from the *Medical Times and Gazette*, June 23, 1866] 48

Notes on the physiology and pathology of the nervous system [Reprinted from the *Medical Times and Gazette*, November 7, 1868] 65

On affections of speech from disease of the brain:—

[Reprinted from *Brain*, vol. i, p. 304] 107

[Reprinted from *Brain*, vol. ii, p. 203] 130

[Reprinted from *Brain*, vol. ii, p. 323] 147

Hughlings J. Jackson—*continued.* PAGE

On the anatomical and physiological localization of movements in the brain [Reprinted from the *Lancet*, January 18, 1873] 75

On the nature of the duality of the brain [Reprinted from the *Medical Press and Circular*, January, 1874] :—

Part I 80
Part II 87
Part III 96

On the physiology of language [Reprinted from the *Medical Times and Gazette*, September 5, 1868] 59

Remarks on non-protrusion of the tongue in some cases of aphasia [Reprinted from the *Lancet*, May 18, 1878] 104

Words and other symbols in mentation [Reprinted from the *Medical Press and Circular*, August 30, 1893] 175

Langelaan, J. W.

On muscle tonus 235

Ranson, S. Walter.

Unmyelinated nerve-fibres as conductors of protopathic sensation 381

Robinson, William, and Bramwell, Byrom, and Bolton, J. S.

Bilateral lesion of the occipital lobes with retention of macular as distinct from panoramic vision 147

Sherrington, C. S.

Postural activity of muscle and nerve 191

Taylor, James.

The ophthalmological observations of Hughlings Jackson and their bearing on nervous and other diseases 391

INDEX OF SUBJECTS.

PAGE

Aphasia : Hughlings Jackson on aphasia and kindred affections of speech. Henry Head 1

loss of speech : its association with valvular disease of the heart and with hemiplegia of the right side. J. Hughlings Jackson. [Reprinted from the London Hospital Reports, 1864] 28

remarks on non-protrusion of the tongue in some cases of. J. Hughlings Jackson. [Reprinted from the *Lancet*, May 18, 1878] 104

ain, on the nature of the duality of the. J. Hughlings Jackson. [Reprinted from the *Medical Press and Circular*, January, 1874] :—

Part I 80
Part II 87
Part III 96

Facial Nerve, the sensory field of the. J. Ramsay Hunt 418

Localization : on the anatomical and physiological localization of movements in the brain. J. Hughlings Jackson. [Reprinted from the *Lancet*, January 18, 1873] 75

Nerve-fibres, unmyelinated, as conductors of protopathic sensation. S. Walter Ranson 381

Occipital lobes, bilateral lesion of the, with retention of macular as distinct from panoramic vision. Byrom Bramwell, J. S. Bolton, and William Robinson 447

Ophthalmology : the ophthalmological observations of Hughlings Jackson and their bearing on nervous and other diseases. James Taylor 391

Posture : postural activity of muscle and nerve. C. S. Sherrington 191

Protopathic sensation, unmyelinated nerve-fibres as conductors of. S. Walter Ranson 381

Speech : abstract of the Goulstonian Lectures on certain points in the study and classification of diseases of the nervous system. J. Hughlings Jackson. [Lecture II, reprinted from the *Lancet*, March 6, 1869] 72

clinical remarks on emotion and intellectual language in some cases of disease of the nervous system. J. Hughlings Jackson. [Reprinted from the *Lancet*, February 17, 1866] 43

notes on the physiology and pathology of language. J. Hughlings Jackson. [Reprinted from the *Medical Times and Gazette*, June 23, 1866] ... 48

notes on the physiology and pathology of the nervous system. J. Hughlings Jackson. [Reprinted from the *Medical Times and Gazette*, November 7, 1868] 65

Speech—*continued.* PAGE

on affections of, from disease of the brain. J. Hughlings Jackson :—
[Reprinted from *Brain*, vol. i, p. 304] 107
[Reprinted from *Brain*, vol. ii, p. 203] 130
[Reprinted from *Brain*, vol. ii, p. 323] 147

on the anatomical and physiological localization of movements in the brain. J. Hughlings Jackson. [Reprinted from the *Lancet*, January 18, 1873] 75

on the nature of the duality of the brain. J. Hughlings Jackson. [Reprinted from the *Medical Press and Circular*, January, 1874]:—
Part I 80
Part II 87
Part III 96

on the physiology of language. J. Hughlings Jackson. [Reprinted from the *Medical Times and Gazette*, September 5, 1868] 59

words and other symbols in mentation. J. Hughlings Jackson. [Reprinted from the *Medical Press and Circular*, August 30, 1893] 175

Tonus : on muscle tonus. J. W. Langelaan 235

postural activity of muscle and nerve. C. S. Sherrington 191

Vision, macular, bilateral lesion of the occipital lobes with retention of macular as distinct from panoramic vision. Byrom Bramwell, J. S. Bolton, and William Robinson 447

panoramic, bilateral lesion of the occipital lobes with retention of macular as distinct from panoramic vision. Byrom Bramwell, J. S. Bolton, and William Robinson 447
